

Mainstreet Research Survey - US National

About Mainstreet

Founded in 2010, Mainstreet Research is recognized as one of Canada's top public opinion and market research firms. Since our founding, we have been providing actionable and data-driven insights to our clients to help them make their most important evidence-based strategic decisions.

Mainstreet has an impressive track record in accurately forecasting election results in Canada and the United States and has become a trusted source for comprehensive market research, analysis and advice. Our insights are found in major media outlets across the country.

Mainstreet Research is a proud corporate member of CRIC and exceeds all Canadian and international standards for market research and public opinion research.

Methodology

The analysis in this report is based on results of a survey conducted from Saturday, June 29th to Sunday, June 30th, 2024, among a sample of 961 Registered Voters, 18 years of age or older, living in The US. The survey was conducted IVR and an online panel to complete the survey. The survey is intended to represent the voting population in The US. Weights are applied for Gender, Race, Education and Past vote. Party ID is determined by asking which party each respondent most identifies with, as some states do not have voter registration by party.

Since the poll was partially completed online, a margin of error cannot be assigned to the poll, but a poll of this size would have a margin of error of +/- 3.2% at the 95% confidence level. Margins of error are higher in each subsample.

This poll was commissioned by and is the exclusive property of Mainstreet Research and FAU. Any reproduction, in whole or in part of this report or the data contained herein is expressly prohibited without written authorization by Mainstreet Research and FAU.

In the aftermath of the debate, how would you describe your emotional response to Joe Biden? (all voters)

broken out by age, gender, and region
